## SUGGESTIONS:

### 1. Document your health challenges and targets.

Familiarize yourself of our changed (corrupted) environment and what is possible if you change those faulty variables. Take me as an example, and all the other [TESTIMONIES](#) on our website, in my case, there was no hope of recovery, at the age of 34 I was clinically written off. Just briefly, for those who do not know my story, this year is my 18<sup>th</sup> year of recovery from advanced primary progressive multiple Sclerosis (MS). 18-Years ago when I was written off with no hope of recovery and expecting the worst. I've spent many hours on my knees PRAYING for mercy and guidance. To make a long... story short, 4 years after my diagnosis, my PRAYERS were finally answered. I can testify... from rooftops, my SAVIOUR lives as I know He answers our prayers. I was guided to people in Australia and Colorado Springs USA. Take note, look who published this book **SOLVING the MS MYSTERY** with all the solutions of TRUTH re MS exposing the root causes that make one's brain injured. I still remember Dr Huggins words in Colorado Springs 18 years ago in the consultation room with him. He told me Johan; "your goose is not cooked yet", there was hope and I cling onto it. It was the most profound and sweet words in 4 years since my diagnoses and the subsequent demise, tears were rolling down my cheeks. However, I had a lot of questions in my mind, I have tried so many things, from medicine, supplements, diets, and remedies. He also told me; "you did not get sick, you were made sick." Later on in the three-week treatment plan I also learned from Dr Huggins, that MS, is but only one symptom of an injured brain there are many others like Alzheimer's, Dementia, Parkinson's, ALS, to name but a few.

The life-saving information and treatment received was instrumental in saving my life. You can find a short summary on our website, but for the full story and teaching, I invite you to read our best seller book. After my recovery my worst rude awakening as I went back to my neurologist asking him some questions. Only to discover that he never had access to the contents of this life saving and changing book that exposes the invisible dragon, i.e.: toxicology that is one root-cause that caused me to be intoxicated, injured and "diseased" with ms.

### 2. Invest TIME in your health.

In hindsight, I now realize, we are born and raised in a sea of deception, there are literally a target on everybody's chest, as we are exposed to so many... unnatural and harmful toxins, variables and so-called foods that as a matter of fact, are rather substrates than food that will eventually cause harm, either from a deficiency (causing your body to be out of homeostasis / balanced) or a taxological point of view. Dr HUGGINS is the angel that our SAVIOUR guided me to, but looking at the publisher's name, today I call him the DRAGON SLAYER, he helped me to open my eyes and he was instrumental in saving my life, praise... ABBA FATHER.

Back to food; remember true food blesses your body and substrates curse your body and pulling you down. You need to study to catch up from lost knowledge and wisdom. In my journey to health, I've read almost hundred books on this topic and sifted through a lot of FUNNIES, only to discover there is a lot of confusion and also deception in the health industry, not everything here is kosher either. I've made a lot of mistakes initially (biggest mistake veganism and not understanding the root cause principle), but I've learned a lot more, real gems and truths. By HIS GRACE, eventually I discovered all the TRUTHS that helped me to recover and to be set free from the shackles of "dis-ease" and medicine. To make a long story short, my wife and I received a VISION to help others and we started this GO NATURAL movement. Over the last 18 years, many others also benefited from our mission and vision to be in superior health and or to recover from their health challenges and or "dis-eases".

We PRAY and HOPE that you will embark with us on this GO NATURAL journey, you will never regret it. Our best PRODUCT is our BOOK, it contains many ... TRUTHS and WISDOM that will also set you FREE. As a bonus the book contain 76 recipes to make true foods, starting with living ingredients.

### 2. GO NATURAL'S GUT Reset PROTOCOL

If you suffer with your gut, here is some suggestions, we know health start in the gut.

<https://gonatural.co.za/img/cms/GO-NATURALS-GUT-Reset-PROTOCOL.pdf>

#### Background:

One's GUT microbiome is your best friend to help digest, assimilate and absorb your ingested food. You can ingest the best food on earth, but if your GUT is injured, you cannot utilize it to the full potential and it will end up being a waste. Sadly, due to the consumption of a highly refined nutrient sterile and toxic food chain in the past, the use of anti-biotics, chemical preservatives, chlorine in our drinking water and mercury in the gut, released from mercury amalgam fillings plus from a mercury containing vaccine preservative (Thimerosal), lots of people suffer with the following injuries: Linked <https://gonatural.co.za/img/cms/GO-NATURALS-GUT-Reset-PROTOCOL.pdf> the full article on our website under the tab [HEALTH TOPICS](#).

### 3. STORABLE FOOD for food security.

Our world is in turmoil, I am of the opinion we are heading into a famine. Lower down we will discuss suggestions for food security. The global supply chain is injured, lots of geo-political instability and the result a possible famine. Please watch this discussion <https://www.brighteon.com/96d70e5c-495e-4a35-b631-cdd3fcffaa44> that exposes the possible famine in the making.

**Suggestion:** If you want to be on our **GO NATURAL WhatsApp groups** for quick access to us and our info, please WhatsApp us or email us your no and request that you want to join the GO NATURAL group. # YOUR OWN HOME STONE MILL is

## YOUR STAPLE FOOD AND FOOD SECURITY SOLUTION

Grain seeds like; wheat, maize and sorghum are living yet sleeping plants.

These three seeds produce highly nutritious bread, pizza, pasta porridge and more variants of staple food dishes. All these recipes are well explained and demonstrated in our GO NATURAL book.

The beauty is that you can store these living grains for nearly centuries, and they will still be alive, fresh, and healthy. However, once you mill a living grain kernel in flour you have killed (hunted) it and it is in a state of decay. The inner parts is now exposed to the oxygen rich atmosphere and within  $\pm$  3 days a big portion of the essential fatty acids and amino acids become; oxidized, rancid, inflammatory, and carcinogenic.

### The SOLUTION:

Hunt and eat should be our motto. Only mill the grains for what is required for the day. This principle should be applicable for all your grain/flour-related foods.

Two MAJOUR BENEFITS of owning a home stone-mill:

- This way of living you can side-step all the cheat – processed foods that is substrates instead of food. Building and maintaining a healthy and strong body. Added benefits is losing weight while gaining vitality.
- A home Stone Mill makes you Self Reliant in troubled times.

Our book Go Natural contain a key recipe which show you how to store grain for decades and the grain will still be alive, fresh, and good. In these prophetic, challenging and ever more trying times we are currently living in, having a home stone mill will help you to secure your staple food logistics if you have stored up a decent supply of living sleeping beauties (grains).

# GLOBAL NEWS

Exposing the silent and near invisible global war against humanity.

I've discovered lots of disturbing discoveries regarding the biological and information war that raged extensively the last nearly three years but if you do a **thorough study**, you will discover it is a war that is raging far beyond 150 years in open daylight. Be part of the AWAKENING.

My question - Who is your anchor in this stormy life and troubled times??

## SUGGESTION - Foundations to endure a Storm

Our Lord warned of the danger of building one's life on sand.

We need to build our lives upon the solid rock of the unchangeable Word of Almighty God. When the rain falls, the floods rise, the winds blow and the storm rages, the house built upon the rock will stand. However, those built on the sand will collapse (Matthew 7:24-27).

Have a look at the recently released documentaries and warn and help your loved ones, family, and friends, we need to awake and then act wisely in these trying times.

### 3. Killer Drugs

“For just about as long as pharmaceutical drugs have existed, so have side effects. Some of these are mild and considered worth the risk. Others are far more dangerous and even lethal. The worst part? Many times, the manufacturers KNEW that the drugs were dangerous and sold them anyway. And the FDA is well aware of the deaths that some of these “killer drugs” are causing. They even admit, on their own website, that over 100,000 Americans die every year from ADR (“Adverse Drug Reactions”).” **Check it out!**

The screenshot shows the U.S. Food and Drug Administration (FDA) website. The header includes the FDA logo and the text "U.S. Food and Drug Administration Protecting and Promoting Your Health". Below the header is a navigation bar with links to Home, Food, Drugs, Medical Devices, Vaccines, Blood & Biologics, Animal & Veterinary, Cosmetics, Radiation-Emitting Products, and Tobacco Products. The main content area is titled "Drugs" and features a section titled "Why Learn about Adverse Drug Reactions (ADR)?" with a large banner stating "100,000 DEATHS yearly". The banner also lists statistics: "Over 2 MILLION serious ADRs yearly", "100,000 DEATHS yearly", "ADRs 4th leading cause of death ahead of pulmonary disease, diabetes, AIDS, pneumonia, accidents and automobile deaths", "Ambulatory patients ADR rate—unknown", and "Nursing home patients ADR rate—350,000 yearly".

"If you do the math, that's an average of **273 people every day** that **die** from FDA "approved" drugs! **Let that sink in!**" Source <https://thetruthaboutcancer.com/killer-drugs/>
