<https://www.youtube.com/watch?v=xsRuICR9m2U&list=PLWMsF7luWZMTc1O6TOLcCZ7yDNfWmayKu&index=7>.

Over the last 17 years since we’ve started this health ministry and movement, we’ve seen so many lives transformed, saved and rejuvenated. We are humble to present all the testimonies <https://gonatural.co.za/content/34-testimonies> of customers helped. Victory and thriving are in our genes, you just need to activate it.

A CALL TO ACTION:

A new season need CHANGE. Remember **success is not an event, it is a habit**, we need commitment and discipline, but you will reap the sweet fruit of vitality and no “dis-ease”. Healthy living becomes a lifestyle and it is contagious.

You can lean so much from our journey, trials, errors and all our discoveries, all documented in our 500 + page GO NATURAL book.

SUGGESTIONS:

1. Document your health challenges and targets.

Familiarize yourself of our changed (corrupted) environment and what is possible if you change those faulty variables. Take me as an example, there was no hope of recovery, age 34 I was clinically written off. For

those who do not know my story, this year is my 18th year of recovery from advanced primary progressive multiple Sclerosis (MS). 18-Years ago when I was written off with no hope of recovery and expecting the worst. I've spent many hours on my knees PRAYING for mercy and guidance. To make a long... story short, after 4 years my PRAYERS were answered. I can testify... from rooftops, my SAVIOUR lives as I know He answers our prayers. I was guided to people in Australia and Colorado Springs USA. Take note, look who published this book **SOLVING the MS MYSTERY** with all the solutions of TRUTH re MS exposing the root causes that make one's brain injured. I still remember Dr Huggins words in Colorado Springs 17 years ago in the consultation room with him. He told me Johan; "your goose is not cooked yet", there was hope and I cling onto it. It was the most profound and sweet words in 4 years since my diagnoses and the subsequent demise, tears were rolling down my cheeks. However, I had a lot of questions in my mind, I have tried so many things, from medicine, supplements, diets, and remedies. He also told me; "you did not get sick, you were made sick." Later on in the three-week treatment plan I also learned from Dr Huggins, that MS, is but one symptom of an injured brain.

The life-saving information and treatment received was instrumental in saving my life. You can find a short summary on our website, but for the full story and teaching, I invite you to read our best seller book. After my recovery my worst rude awakening as I went back to my neurologist asking him some questions. Only to discover that he never had access to the contents of this life saving and changing book that exposes the invisible dragon, i.e.: toxicology that is one root that cause that caused me to be intoxicated and "dis-eased".

2. Invest TIME in your health.

In hindsight, I now realize we are born and raised in a sea of deception, there are literally a target on everybody's chest, as we are exposed to many... unnatural and harmful toxins, variables and so-called foods that as a matter of fact are rather substrates than food that will eventually cause harm. Dr HUGGINS is the angel that my SAVIOUR guided me to, but looking at the publisher's name, today I call him the DRAGON SLAYER, he helped me to open my eyes and he was instrumental in saving my life, praise... FATHER.

Back to food; remember true food blesses your body and substrates curse your body. You need to study to catch up with lost knowledge and wisdom. In my journey to health, I've read almost hundred books on this topic and sifted through a lot of FUNNIES, only to discover there is a lot of confusion and also deception in the health industry, not everything here is kosher either. I've made a lot of mistakes initially, but I've learned a lot more, real gems and truths. By HIS GRACE, eventually I discovered all the TRUTHS that helped me to recover and to be set free from the shackles of "dis-ease" and medicine. To make a long story short, my wife and I received a vision to help others and we started this GO NATURAL movement. Over the last 17

years, many others also benefited from our mission and vision to be in superior health and or to recover from their health challenges and or “dis-eases”.

We PRAY and HOPE that you will embark on this GO NATURAL journey, you will never regret it. Our best PRODUCT is our BOOK, it contains many ... TRUTHS and WISDOM that will also set you FREE. <https://gonatural.co.za/content/20-english-book>

HEALTH TOPICS for this month:

1. GO NATURAL'S GUT Reset PROTOCOL

<https://gonatural.co.za/img/cms/GO-NATURALS-GUT-Reset-PROTOCOL.pdf>

Background:

One's GUT microbiome is your best friend to help digest, assimilate and absorb your ingested food. You can ingest the best food on earth, but if your GUT is injured, you cannot utilize it to the full potential and it will end up being a waste. Sadly, due to the consumption of a highly refined nutrient sterile and toxic food chain in the past, the use of anti-biotics, chemical preservatives, chlorine in our drinking water and mercury in the gut, released from mercury amalgam fillings plus from a mercury containing vaccine preservative (Thimerosal), lots of people suffer with the following injuries: Linked <https://gonatural.co.za/img/cms/GO-NATURALS-GUT-Reset-PROTOCOL.pdf> the full article on our website under the tab [HEALTH TOPICS](#).

2. STORABLE FOOD for food scarcity

Our world is in turmoil, I am of the opinion we are heading into a famine. Lower down we will discuss suggestions for food security. The global supply chain is injured, lots of geo-political instability and the result a possible famine. Please watch this discussion <https://www.brighteon.com/96d70e5c-495e-4a35-b631-cdd3fcffaa44> that exposes the possible famine in the making.

YOUR OWN HOME STONE MILL is

YOUR STAPLE FOOD AND FOOD SECURITY SOLUTION

Grain seeds like; wheat, maize and sorghum are living yet sleeping plants. These three seeds produce highly nutritious bread, pizza, pasta porridge and more variants of staple food dishes. All these recipes are well explained and demonstrated in our book. The beauty is that you can store these living grains for nearly centuries, and they will still be alive, fresh, and healthy. However, once you mill a living grain kernel in flour you have killed (hunted) it and it is in a state of decay. Within ± 3 days a big portion of the essential fatty acids and amino acids become rancid, inflammatory, and carcinogenic.

3. ENDOSPERM: - Carbohydrates	✓	✓	✓

The SOLUTION:

Hunt and eat should be our motto. Only mill the grains for what is required for the day. This principle should be applicable for all your grain/flour-related foods.

Two MAJOUR BENEFITS of owning a home stone-mill:

- This way of living you can side-step all the cheat – processed foods that is substrats in stead of food. Building and maintaining a healthy and strong body. Added benefits is losing weight while gaining vitality.
- A home Stone Mill makes you Self Reliant in troubled times.

Our book Go Natural contain a key recipe which show you how to store grain for decades and the grain will still be alive, fresh, and good. In these prophetic, challenging and ever more trying times we are currently living in, having a home stone mill will help you to secure your staple food logistics if you have stored up a decent supply of living sleeping beauties (grains).
