GO NATURAL'S ADVICE

20 Years ago, Dr Hal Huggins, my toxicologist, AND BIOLOGICAL DENTIST who was instrumental in saving my life in Colorado Springs in the USA said to us; "If you want to stay healthy and strong ensure that the master daily cleansing agent that you ingest, your WATER is pure and it doesn't do the opposite, that of polluting your most precious body."

The RATIONALE for PURE WATER

[Pure WATER is the FOUNDATION of HEALTH!](#)

Distillation is the only way to guarantee purity. Make sure you are not exposed to weaponized water and fake purified water and/or systems. Buy now, we offer three reputable GO NATURAL distiller models, Go Natural Water Distiller, White with Glass Collector bottle (GCB). Some of our models have been functioning for more than 20 years. We carry all the parts and are also a distiller service centre for our models.

<https://www.facebook.com/share/p/1GSLjkgLt8/>

WARNING: Over the last 12 months, we've witnessed the residue that remains after every cycle in the boiler pots of our distillers, an excessive increase in the revolting residue, both in quantity, and the amplified toxic, chemical smell, and the colour that becomes darker. something consistently has changed.

Pure Water is the Foundation of Health.

Water Distillation is a proven solution, filtration is an illusion because it is incapable of removing ionic toxins.

Distillation is the only process that is 99.9% effective everytime.

Peace of mind purity guaranteed.

Works out cheaper in the long haul.

Helps to cleanse your body of toxins.

No heavy metals, flouride or toxins.

Distillation = Rain = Natural.

Portable, customers travel with them.

YOUR HOME STONE MILL!!!

A home Stone Mill your family's Staple Food solution

WHOLE GRAIN IS AND WAS NATURE'S STAPLE FOOD SOLUTION FOR MILLENIA

Ancestral Staples from Organic, Non-GMO Grains

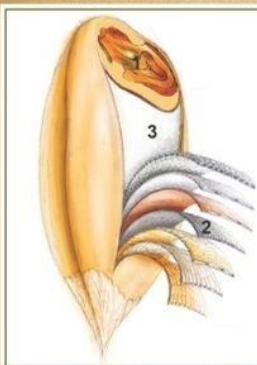

In times past, everyday staples such as bread, pasta, pizza, porridge, rusks and more were made from organic, non-GMO grains that were always freshly milled, often just moments before use, using a stone mill. This produced whole, clean, fresh flour—free from chemical preservatives and additives. With skilled hands and simple, wholesome ingredients, these grains were crafted into nourishing staple foods. The people of old never faced the listed health challenges we are experiencing today.

QUESTION:
So what went wrong?

"WHEAT THE KING OF GRAIN!"

Of all grains, wheat's composition is the most complete and balanced."

A STONE MILL is your home's STAPLE FOOD SOLUTION, to help you to STEP OUT of the matrix of weaponised grain related staple food varieties, like, bread, pizza, pasta, rusks, porridge, etc. Yea, the modern "food" system offers you all these highly refined, harmful, food like substrates that are grossly nutrient deficient, that will cause a lot of nutritional injuries (overweight, diabetes, obesity osteoporosis, tooth decay, a compromised immune system and many more) over time. This subject is well-researched and documented in our GO NATURAL book.

This short article, present the why, what and how plus the "7 X REASONS to OWN your OWN HOME STONE MILL":

WHY JUICE?

go natural ESTD 2005

WHY JUICE?

The modern refined food chain causes most people to be nutrient deficient.
Juicing is the most natural, fastest, and cost-effective way to get nutrients at cellular level.

- Boost** the immune system with loads of antioxidants.
- Regain** and boost your health and vitality.
- Detox** your cells.
- Greenstar Juicer Twin Gear**
- Purify** your blood
- Accelerate** your bodies natural healing process.
- Balance** your PH.
- Spike** your energy levels.
- Hydrate** your body.
- Cold press - slow juicer.**

Juice from a TWIN GEAR juicer is ± 100% more nutrient-dense than juice made with conventional juicers, the fact is the twin gears crush open every cell of the juicing substrate. Unlike the other technologies, you benefit from nutrients from the harder parts, not only juice from softer easy-to-extract nutrient-poor parts.

BACKGROUND

Because of our fast-paced modern lifestyles, it has become nearly impossible to ingest enough raw vegetables (containing their antioxidants, Phyto-chemicals, living minerals, enzymes, vitamins and more) to be optimally nourished. On top of that reality, many people today are also overexposed to unnatural and abnormal amounts of pollution, stress, time constraints, toxins, [trick and cheat foods](#) that cause the masses to experience malnourishment and toxicity.

Juicer selection

Not every juicer produces the same desired results.

WISDOM GAINED FROM OUR RECOVERY JOURNEY

• Why it is essential to get a detailed jaw scan

Hidden jaw infections, root canal-treated teeth, and mercury(amalgam) fillings are some of the most underestimated threats to long-term health.

These dental issues can silently release toxins and bacteria into the bloodstream, leading to chronic inflammation, neurological injuries, and serious "dis-ease" conditions throughout the body.

If you're serious about uncovering the root causes of your health challenges, don't ignore your jaw. A proper scan and dental evaluation could reveal the missing link in your healing journey.

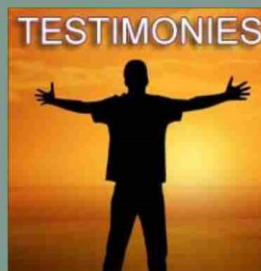

• Say no to preserved foods—say yes to real nourishment

Once you remove processed foods from your diet, your body will begin to thrive. You'll notice clearer skin, increased energy, sharper focus, and a renewed sense of well-being, just a few of the many benefits that come from fueling your body with real, whole foods.

• Feeling stuck? Let this be your gentle nudge forward.

Check out our website to read real stories from people who have overcome "dis-ease" by removing root causes and adopting the right nutrition.

Their journeys are powerful, and we're sure you'll find them inspiring!
